PRICE LIST - FALL 1948

This Price List cancels all previous lists and quotations.

All shipping orders are cash. No C. O. D. orders accepted. For your own protection, please remit by check or Money Order. Currency is not safe in the mails unless the letter is registered.

Orders not accepted for less than two plants.

All orders shipped by Parcels Post. We prefer to send shipping charges collect. In this way each customer pays exact charges on his own order. In shipping, if an additional amount is due us, we will send a statement in the shipping explaining what the extra charge is for. If too much is sent, we will refund any amount overpaid.

If you do not want your order sent Shipping CO.D., send 50c for orders from 2 to 6 plants and \$1.00 for more than 6 plants. If special delivery is desired, send 25c.

We do not ship leaves or cuttings.

We will send package insured and special handling, as delivery is made on packages sent shipping collect. If plants are injured or destroyed in shipping, apply at once to YOUR postoffice for damages, the insurance on your package taking care of that; or if stock is not satisfactory, return same at once, properly packed and in as good condition as received, and money will be refunded at once.

Visitors welcome at the Nursery any day—the Sabbath by appointment, if coming from a distance, as we are not always open only when we know visitors are coming.

Not all varieties are available at all times; stocks are temporarily exhausted for a few weeks until young stock is ready. The varieties exhausted at time this list is sent out will be marked with the month more will be available. Please order when these are ready. We prefer to let all plants blossom before shipping; in this way we can be sure of the variety. Descriptions of plants are as they are here at the Nursery.

Owing to conditions beyond our control, we cannot be responsible for plants after they are in your possession more than one day.

N. N. O. R.—A contact insecticide. We have tested many sprays and dusts for insects and other plant pests but find this the best for us of any tested out. It is not only fine for your house plants, but just as successful for a garden spray. Literature and full spray chart sent with each order.

We have N. N. O. R. in the following sizes:

6 oz. bottle \$1.00

16 oz. bottle \$2.15

HYPONEX: A fertilizer. Pleasant to use. Produces fine flowers. In the following sizes: 7 oz. can, 50 cents; 1 lb. can, \$1.00.
